"Jim Crow" Street-Car Law Set to Catch Negroes.

ONLY WHITE FOLKS IN THE TRAP.

Thanks to the Advice of the Citizens Mass-Meeting-Colored Folks Are Staying off the Cars.

THEY ARE WALKING AND AVOIDING TROUBLE—BIG FEET A GREAT BLESSING.

WHITE FOLKS ARRESTED.

The only arrest on the first day of the enforcement of te new street car law was that of John B. Meyers, white, a rpenter and builder, of 500 Lewis street, who was tried and onvicted in police court this morning on the charge of refusng to change his seat in an Oakwood car when so requested by the conductor.

There was no disorder in this act of law violation. Mr. Meyers was in a car where there was but one Negro passen-

The testimony was that Mr. Meyers took the third seat from the rear. The conductor, following the company's construction of the law, as set forth in the rules provided the

men, asked him to go to the front.

Judge Crutchfield declared the law ironclad and the case f Mr. Meyers a clear violation. He fined him \$5.00, but remitted the fine as he believed the violation was merely a case

police court to-day for its violation. Capt. Eckles is recovering from a severe injury in a wreck received a short time ago and is feeble and weak in both and dropped into the first seat he reached and declined to move. He declared that he knew nothing of the new law. Counsel for the street-car company asked for his discharge and he was dismissed without argument.

[RICHMOND, VA., TIMES-DISPATCH, APRIL 24, 1904.]

Another disagreement arose on a street car last night, which resulted in the arrest of George Stringer, a white passenger, who was bailed at the First Station, and the threatened arrest of F. Williams, a conductor.

The conductor claims he asked the passenger to move forward, and on that simple request hung all the trouble, which started in the city and wound up in the county near hirty-second and Q Streets. The two men bore marks of trife upon their countenances. Mr. Stringer was arrested, nd he declared that he would swear out a warrant against Ir. Williams in the county.

WHITE FOLKS OBJECTING, TOO.

It is a noticeable fact that white people are objecting to the innovation and some of them walk rather than submit to it. Up to this writing only white people have violated the regulations and

In none of these cases have the fines been collected. Trouble on a car be-tween a white passenger and the white conductor which resulted in the latter's punishment with blows, although an arrest was made, has been "hushed," and no report of the affair given.

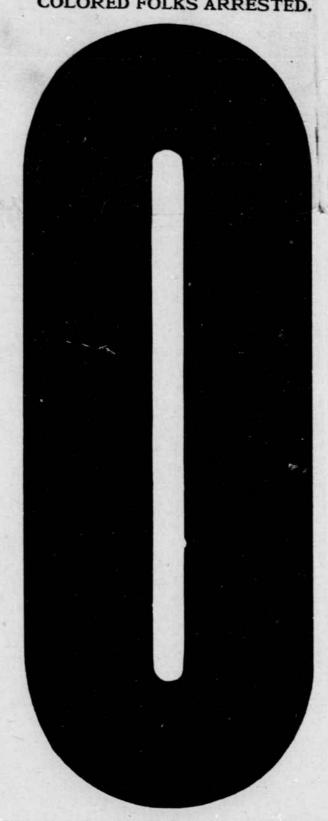

WHITE LADIES CAUSE TROUBLE.

Many white females have refused positively to obey the rules and the matter has been overlooked.

Those colored people who ride obey the regulations, but the others prefer to walk. On Sunday, the absence of the colored people from the cars attracted universal attention.

Some colored people are saving 60 cts. per week and some as much as \$1.60 per week as a result of the new rules. A colored man was seen coming up

THE COOK OBJECTED.

A white gentleman met Editor Mitch ell and informed him that he had trouole with his cook on his account. His eyes twinkled and he laughed as he told the editor that he would have a fuss with both him and his cook "Why I told her to bring my dinner to me on the car." She said, "Yes, sir, I'll bring it, but I'll walk, sir, and bring it."

The white gentleman laughed heartily and went on his way.

OUR WHITE COLORED FOLKS.

Several white colored folks have been forced to ride with the white folks, the conductors having ordered them to ride there. MDS., AFRO-AMERICAN LEDGER.

Our contemporaries coming from Richmond, Va., advise us of the "Jim Richmond, va., advise us of the "Jim Crow" program with respect to the street cars of that city which goes into effect on July 1st. They are united in the radvice to the colored people of Richmond in the attitude in which they should sustain towards this legalized ef-fort to efface our manhood and self respect. They advise the colored citizens to do what they were to do before the advent of electric cars—that's walk And where the distance is very great And where the distance is very great they advise the enterprising men of the race who are proprietors of teams and other vehicles to inaugurate a "bus" system for the convenience of Afro-American people. The advice is genuinely good and orthodox, and the colored people of Richmond will do well to heed the same. In so doing, they will not only maintain their self-respect but what is equally as helpful they will add to their acquisition faculties and increase their own financial resources in turning into race channels a great deal of money which now goes towards building up the hand and the arm uplifted to crush us out. It is a peaceful but a very effective weapon.

AN APPEAL FOR FUNDS.

Mr. McGhee's Statement-To Test Race Legislation.

The women of our race, our mothers The women of our race, our mounts wives, sisters and daughters are preparing to go to the meeting of the National Association of Colored Women's Clubs at St. Louis, and that they may escape the indignities of the "Jim escape the indignities of the "Jim Crow" cars, are casting about for means whereby they may engage spe cial Pullman cars at an extra charge and expense; and even in this many will be inconvenienced and not a few will not be fortunate enough to thus secure the comforts afforded by the Pullman Company and above all escape

man Company, and above all, escape from the "Jim Crow" cars. All honor to these brave women for their foresight, undauntedness, and courage too; but what a shame that they are compelled to resort to these means in order to have decent accomodations on a public carrier. The women of no other race will be thus compelled to do. And double deep the shame that their being denied the accomodations. facilities and privileges furnished and supplied by the Pullman Company to all others who apply, is chargeable to the neglect of the men of our race. To pro-vide against just this condition, for eight months we have spent some ef-fort to collect funds to test the right of the Pullman Company to refuse such accomodations.

All recall the case of Rev. H. T. Johnson, (Editor Christian Recorder) vs. the Pullman Company for refusing him the accommodations, facilities and privileges that the Company supplies to the public. The case was tried to the court and a jury; and the jury returned a verdict for the highest amount the Plaintiff could recover.

The Hon. Kirkpatric who tried the case set aside the verdict and gave judgment for the company, notwithstanding the verdict, on the ground that the company had the right to deny persons the accompdations of their cars solely because of their color, and there was no law, neither statutory nor common, that forbade them denying such right. Steps were at once taken to carry the case to the Supreme Court of the United States.

We had taken the grounds that unless the ruling was reversed the company would enforce a rule, at least throughout the border and southern States re-fusing its accommodations to persons of

St. Paul, Minn.) With this printed matter was gotten out setting forth in full the case and the purpose to which the money was to be expended. Broad-cast the matter was distributed and race papers were urged to publish the appeal for funds; ministers petitioned to ask contributions of their churches; individuals importuned and associations and societies visited and contributions solicited of them, and all were requested to send in the names of persons who might contribute. The receipts have not cover-ed the expenses involved and had it not ed the expenses involved and had it not been for the National Afro-American Council taking the money out of its reserve fund the appeal would have had to be abandoned. And even now there is serious want for funds to prosecute the appeal to final determination.

the appeal to final determination. the appeal to final determination.

What now will the race do? The company is enforcing such a rule. Bishops of our churches, and our women are forced into the "Jim Crow" ear there to be subjected to all the indignities common to the coarser classes of both races. Will we now contribute the necessary manay? Suraly the conditions necessary money? Surely the conditions make the duty urgent and imperative. Longer delay but brings more hindrand ces and to make success more difficult to obtain. For myself, I still have the faith that a response will be had and so appeal again that those who will, to send what sum they can. A dollar is asked of every one, but credit will be given for any amount. A much less sum would be sufficient if all would contribute, but we must provide against a

large number failing.

Perhaps I should state, though I think too I should not, some friends of mine and of the race, Oatholic Priests have extended me an invitation to come into their parishes and lecture concerning the race to their parishioners and receive contributions to the fund. My mind is, funds should come wholly from the race, but the cause is that of right between man and man, and all men have to do with such a cause. This em-phasizes in my mind the thought that the pastors of our churches should do as

Let All Walk.

[OMAHA, NEB., ENTERPRISE.] Richmond, Va., is to have "Jim Crow" street car system. The Virginia. Passenger and Power Company of that city has announced its intention to separate the races on the street cars assigning white people to the front and Negroes to the back seats. The conductors have been clothed with police authority so that they can come! authority so that they can compel Negroes to take such seats as they see fix to assign them or else submit to a crest.

Here is a studied effort and a deli berate plot to foment inter-racial strife. Be it said to the credit of the Negro-press of Richmond that they are annanimous in advising their race to walk.

The Negroes of Richmond will do the right thing if they tollow the advice given and also establish 'bus lines as all three of these papers arvise. Every Negro in Richmond should stay of the street cars.
